PVI 2023 Testimonials

Saugata Chaudhuri
Head - Petrochemicals

Plastivision has been one of the major shows related to the complete ecosystem of industries related to plastics and HPCL's Petrochemicals Team benefitted richly from our participation in Plastivision 2023. The event enabled effective networking and relationship building across a vast diaspora of industry participants and helped enhance the visibility of our brand – DURAPOL®. The focused audience helped us generate high-quality leads and provided valuable insights into industry dynamics. Engaging directly with attendees allowed us to conduct real-time market research, gain information about customer preferences and emerging trends in the market. HPCL is coming up with a greenfield refinery cum petrochemicals plant near Jodhpur, Rajasthan (Pachpadra) with 9 MMTPA Refining and 2.43 MMTPA Petrochemicals capacity. This plant, which will produce 2 MMTPA Polymer, is set to commence production in FY 2026-27. As we go forward, we will continue to engage with national level events like Plastivision which provide an excellent platform for customer engagement and market outreach.

Meela Jayadev
Director

Plastivision 2023 once again proved to be an exceptional platform for showcasing our latest innovations and engaging with industry leaders from around the world. As a proud sponsor for the past four editions, we have witnessed the event's consistent growth and its pivotal role in advancing the plastics industry. The extensive footfall, high-quality interactions, and global exposure have consistently provided substantial value to our organization. We are pleased to continue our association as a sponsor for Plastivision India 2027 and look forward to contributing to the continued success of this esteemed event.

Shivam Bansal
Director & CEO

Plastivision 2023 has been a remarkable platform for JJ Plastalloy to connect with industry leaders from around the world, showcasing our innovative masterbatch and polymer solutions. Having participated in the last four editions, we have witnessed how Plastivision continues to evolve as a leading exhibition, driving meaningful conversations and industry advancements. This event enabled us to engage with both existing partners and new prospects, while showcasing our problem-solving masterbatch solutions for the plastics sector. The overwhelming footfall and the quality of interactions reaffirm the importance of Plastivision as a cornerstone for the industry's growth. Congratulations to the Plastivision team for organizing such a phenomenal event. We eagerly look forward to participating again!

Ashok Kapoor
Director

Plastivision 2023 was an exceptional platform for Kaptiva to showcase our latest innovations and connect with key players in the plastics industry. The event provided us with valuable networking opportunities, insightful conversations, and potential collaborations that will drive our growth. We are so hugely impressed with Team Plastivision working selflessly for the growth of the industry, we decided to support the event by becoming a Sponsor. Kudos to the Plastivision team for organizing such a successful and impactful exhibition.

Ivan Lavelli
Export Manager
